PROFESSIONAL SUMMARY

Computer Science senior at the Lebanese University and Freelancer Full-Stack Developer specializing in web and mobile applications. Skilled in Laravel, PHP, Java, C++, MySQL, JavaScript, and AI-driven solutions. Focused on delivering scalable, optimized digital solutions with strong expertise in UI/UX, database management, and automation.

EXPERIENCE

Freelance Full-Stack Developer (2023 – Present)

- Designed and developed custom web and mobile applications using PHP, Laravel, MySQL, Java, and Kotlin, ensuring robust performance and scalability.
- Implemented AI-powered automation and chatbot solutions, enhancing business efficiency and customer engagement.
- Crafted dynamic, responsive UI/UX designs with interactive animations and 3D effects, improving user experience.
- Optimized SEO and website performance, boosting search rankings, loading speed, and user retention.

Royal Cedar Scents (2025 – Present)

- Built a full-stack e-commerce platform with Laravel, integrating Stripe/PayPal and advanced shopping cart features.
- Developed secure authentication, order tracking, and automated email notifications.
- Created a vendor dashboard and product listing system with variations and high-quality images.
- Optimized SEO, mobile design, and customer engagement features.

B-Back Restaurant App – 2025

- Developed a mobile app for seamless menu browsing and online ordering.
- Built backend with PHP and MySQL, handling authentication and order management.
- Implemented real-time order processing.
- Optimized app performance for fast loading and smooth navigation.
- Ensured secure data transactions and smooth user experience.

PROJECTS

Elegance & Co. (Laravel E-Commerce Platform) – 2025

- Developed secure user authentication, profile management, and order tracking.
- Built dynamic product management, shopping cart, and payment options.
- Implemented real-time inventory management and automated notifications.
- Designed responsive UI optimized for mobile, tablet, and desktop.
- Integrated multi-language support, search systems, and discount promotions.

PUBLICATIONS

Laravel Development Guide – March 2025

- Created this document to outline the features and implementation of Laravel 11 in a web project. It includes key details about authentication, database management, and performance improvements. This document serves as a guide for understanding and utilizing Laravel 11 effectively.
